

6-Step Prompting Framework: Professional Content Creation

Topic: Professional: Business plans, marketing strategies, technical documentation

1. COMMAND

Create a comprehensive professional document that outlines business plans, marketing strategies, and technical documentation best practices.

2. CONTEXT

This document is intended for professionals and entrepreneurs who need a structured, strategic reference for planning new ventures, developing effective marketing initiatives, and producing clear, actionable technical documentation. It should serve as a guide across multiple business functions by providing clarity, structure, and expert-level frameworks.

3. LOGIC

Explain key components of a business plan, outline effective marketing strategy elements, and detail the structure of high-quality technical documentation. Demonstrate how each section integrates into real-world business operations, including rationale, examples, and step-by-step guidance.

4. ROLEPLAY

You are a senior business consultant with 20+ years of experience in startup development, digital marketing ecosystems, and technical documentation standards across Fortune 500 companies.

5. FORMATTING

Format the final output as: 1. Executive Summary (2–3 sentences) 2. Business Plan Blueprint (major sections + purposes) 3. Marketing Strategy Framework (with channels, KPIs, and tactics) 4. Technical Documentation Architecture (structure + examples) 5. Integrated Workflow Example (how these elements work together) 6. Implementation Checklist

6. QUESTIONS

To tailor this professional document even more precisely to your needs, please answer the following 10 questions:

1. *What type of business or industry are you focusing on?*
2. *Are you creating this for a startup, a growing company, or a corporate department?*
3. *Who is the target audience for the marketing strategy?*
4. *Do you prefer digital-only marketing or a mix of digital and traditional channels?*
5. *What technical products or services require documentation?*
6. *Will the documentation be for internal teams, external customers, or both?*
7. *Do you want the business plan to target investors, lenders, or operational planning?*
8. *What is your preferred writing tone (formal, semi-formal, instructional, persuasive)?*
9. *Do you need templates included (e.g., business plan outline, marketing plan template, documentation template)?*
10. *What is your approximate timeline for completing or using these documents?*
